A **comprehensive menu** of Ikea from Kirklees featuring all **16** dishes and drinks can be found here on the menu. Dining at IKEA's restaurant has become a mixed bag for customers. Many lament long waits and underwhelming food, often resulting in disappointment due to limited menu options and inconsistent quality. While some dishes, like meatballs, receive occasional praise, others like cold omelettes and poorly presented meals have drawn criticism. However, the café shows signs of improvement, with better inventory management and a cleaner atmosphere. Some patrons appreciate the value during weekday visits, noting generous portions and deep discounts for members. Overall, while there are bright spots, customers still urge for more consistency to maintain its family-friendly reputation.
