The restaurant from Ironwood offers **115** different **dishes and drinks on [the menu](#)** for an average price of \$8.8.

Mike's Restaurant presents a cozy café atmosphere complemented by a menu boasting an array of generous portions at reasonable prices. While most diners praise the delicious sandwiches and hearty entrees, service inconsistencies dampen the experience for some. Complaints about a particularly rude waitress and perceptions of favoritism in menu options have surfaced, overshadowing the restaurant's charm. However, many customers rave about the friendly staff, welcoming environment, and the delightful food, including the Italian sausage sandwich and breakfast specials. Ultimately, while Mike's has its pitfalls, it remains a beloved local spot worth a visit.
