On this site, you will find the **complete [menu](#) of Bombay Cafe Takeaway** from Melbourne. Currently, there are **28** menus and drinks available. Nestled in Tullamarine, this Indian restaurant offers a blend of experiences that evoke strong opinions. While the ambiance may feel rundown and uninviting, the food often surprises. Diners appreciate the \$10 lunch pack, lauding its generous portions and flavorful dishes, like butter chicken and fresh naan. However, inconsistent quality leaves customers divided; some lament dry tandoori chicken and limited menu options. Customer service has room for improvement, as reports of unhelpfulness surface. Despite the shortcomings, it remains a popular spot for takeout, appealing to those seeking affordable comfort food in a casual setting.
