A comprehensive [menu](#) of The Whalesbone from Ottawa featuring all 53 menus and drinks can be found here on the menu. Whalesbone Oyster House is a [seafood](#) restaurant specializing in a variety of fresh oysters served raw with different sauces and accompaniments. Choose from three to five types of east and west coast oysters that vary daily, in both small and large sizes. The hip yet simple decor features light wooden tables, folding chairs, red brick walls, and personal touches like a record collection and a hand-carved fish skeleton. Our niche service includes supplying fresh quality oysters to restaurants and hotels in the Ottawa area. On Thursday-Saturday nights, the kitchen stays open late to serve oysters until closing time.
