Nestled in a cozy setting, this restaurant offers a mixed dining experience, with patrons often praising its friendly staff and inviting ambiance. While some menu items, such as sushi and miso soup, receive accolades for freshness and flavor, others—like the tempura and fried rice—have faced criticism for being overly greasy. Service can be inconsistent, with reports of long waits and difficulty with takeout orders. However, the standout dishes and reasonable prices make it a worthwhile spot for sushi lovers and those seeking a pleasant atmosphere, especially for date nights or quiet dinners. Overall, it's a mixed bag worth exploring.
