The restaurant from Schenectady offers **58** different **dishes and drinks** on [the menu](#) at an average price of \$15.6. At this restaurant, opinions are sharply divided. While some guests rave about the delicious, piping hot [pizza](#) and well-prepared Honey BBQ wings delivered with commendable care, others recount negative experiences marked by rude staff and poor service. Reports of food being improperly handled during delivery and confrontational interactions with employees have left a sour taste. Additionally, issues like burnt food and confusion over orders further tarnish the establishment's reputation. Overall, while the food quality can shine through at times, inconsistent service and management behavior appear to overshadow its potential, leading to mixed feelings from patrons.
