The menu of Korea House from Toronto comprises about **81** different courses and drinks. On average you pay about CA\$28 for a dish / drink. Korea House, located in Toronto's Koreatown, offers a mix of reviews from patrons. While some praise the delicious and authentic Korean dishes, others mention the slow service and lack of vegetarian options. The ambiance is described as tired and in need of updating, with a server who appears rushed. Despite mixed reviews on the food and service, some diners appreciate the ample portions and tasty banchan. Overall, Korea House seems to cater to those looking for traditional Korean cuisine in a casual setting, but improvements in service and menu options could enhance the overall dining experience.
