The restaurant from New York offers **100** different **menus and drinks on [the menu](#)** for an average price of \$16.2. This restaurant offers good drinks and a limited menu, with mixed reviews on certain dishes. Some diners found the quality of the food to have declined over the years, while others enjoyed the sophisticated selection and excellent service. The ambience, service, and unique menu items were praised by some, although others felt underwhelmed. Overall, the establishment is known for its reliably delicious food, extensive cocktail selection, and cozy atmosphere. Unfortunately, the restaurant is closing due to a significant rent increase, leaving a void in Battery Park City. Despite the closure, it remains a neighborhood favorite with great food and drinks.
