The restaurant from [CHILMARK](#) offers **112** different **dishes and drinks on the menu** at an average price of \$92.3. Nestled in a picturesque location, this restaurant promises a memorable dining experience, yet opinions are mixed. While the ambiance enchants with stunning views and a lovely setting, some diners find the atmosphere marred by disruptive patrons. Culinary offerings vary in quality, with highlights including exceptional seafood and inventive dishes, although certain items, like the lobster dumpling, fall short. The pricing has drawn criticism, as many feel the costs, exacerbated by hidden fees, do not align with the meal's quality. Ultimately, for those willing to overlook potential drawbacks, the breathtaking surroundings may still offer a worthwhile experience.
