You can view the categories on the menu below. Malcolm's in Schenectady captures diners' hearts and palates with its eclectic menu and inviting atmosphere. While many rave about its farm-fresh ingredients and attentive service, some experiences remain underwhelming, marred by slow service and inconsistent food quality. Grievances include improperly cooked dishes and less-than-inspired desserts, which detract from the overall dining experience. Many patrons, however, fall in love with standout plates like duck tagliatelle and steak cooked to perfection. The personalized service and charming ambiance, reminiscent of trendy NYC spots, make Malcolm's still a contender for those seeking a memorable meal. Reservations recommended.
