The restaurant from Eagan offers **115** different **courses and drinks on [the menu](https://menuweb.menu)** at an average price of \$9.9. Located in a quiet corner, this restaurant offers a mixed bag of dining experiences ranging from average sushi to delightful Asian cuisine. While some found the sushi rolls overly rice-heavy and lacking freshness—with bland ramen further tarnishing the experience—others praised the gluten-free options and flavorful dishes like beef broccoli bowls. The friendly staff and efficient service add charm, making it a potential go-to spot for lunch, especially for health-conscious diners. Although sushi might not be the star here, the potstickers shine, making this establishment worth a visit for those seeking variety beyond standard fast food.
