The restaurant from [Morgan Hill](#) offers **140** different **menus and drinks on the menu** for an average price of \$16.7. The restaurant in question offers a variety of special dishes in addition to their regular menu, making reservations easy. However, some reviewers found the Irish coffee to be too cold and the French fries slightly underdone. The wait staff is praised for their efficiency, but overall, the experiences were mixed with lukewarm, bland meals, slow service, and some dissatisfaction with the bar staff. The atmosphere was found to be decent by some, while others disliked the country music and noise level. On the other hand, a visit to Rosy's proved delightful for many, with excellent food, attentive service, and unique specials like \$1 oysters on Thursdays. The staff there received high praise for their professionalism and communication skills. Overall, experiences at this restaurant seem to be hit or miss, with some patrons recommending it while others suggest seeking dining options elsewhere.
