The place from Concord offers **157** different **dishes and drinks** on [the menu](#) for an average price of \$9.4.

Saltbox has garnered a mix of praise and critique, painting a picture of a restaurant that oscillates between culinary brilliance and service missteps. Diners rave about standout dishes like the Italian sub and house-made condiments, hailing them as unforgettable. However, experiences can sour with extended wait times, mishandled orders, and high prices that leave some feeling shortchanged. While the atmosphere and attentive staff add to the charm, inconsistencies in food quality and service provoke debate. Saltbox could be a gem for those lucky enough to visit on a good day but may disappoint others expecting a seamlessly delightful dining experience.
