The restaurant from [Calabasas](#) offers **190** different **dishes and drinks on the menu** at an average price of \$25.4. The Society of Six was a group of innovative Northern California artists who came to prominence in the 1920s, during Prohibition. At an Oakland cabin known as the Chow House, the six closely knit painters held heated discussions about the state of the art world, fueled by home-cooked meals served with home-brewed beer and wine. This inspiration led to the creation of The Six, an American rustic restaurant concept offering traditional, unpretentious fare in a cozy, neighborhood setting. Affordable and accessible, The Six caters to singles, families, and business-people.
