The menu of New China Buffet from Allentown comprises about **215** different dishes and drinks. On average you pay about \$15.6 for a dish / drink. This restaurant offers a mix of typical Chinese and American cuisine, including sushi and a hibachi grill. However, recent visits reveal a decline in quality and variety, with limited options and some dishes served cold. While prices are considered reasonable for an all-you-can-eat experience, guests have noted issues such as mandatory tips and a lack of seafood selections, particularly crab legs. Despite these critiques, some diners praise the freshness and flavor of specific dishes, particularly steamed dumplings and noodles, suggesting that with certain improvements, the restaurant could enhance its overall dining experience.
