The restaurant from Bellevue offers **247** different **dishes and drinks on [the menu](#)** at an average price of \$27.9. Bis On Main in Old [Bellevue](#) has been a longtime favorite for many, but recent changes in pricing have left some regulars less than pleased. Despite this, the exquisite food, presentation, and service have received high praise from guests. While some have noted issues with a higher corkage fee and smaller martini glasses, the impeccable service and delicious menu options have helped maintain its positive reputation. The restaurant boasts a bright dining room, large portions, and a wonderful wine menu at reasonable prices. The revamped kitchen under Chef/Owner Mr. Moore has also received glowing reviews, with many guests raving about standout dishes like miso cod and crabcakes. Despite some minor complaints about noise levels and service timing, overall, Bis On Main remains a highly recommended spot for a delightful dining experience in Bellevue.
