The restaurant from Apache Junction offers **75** different **courses and drinks on [the menu](#)** at an average price of \$16.3. ****Restaurant Review: A Mixed Bag of Experiences**** Nestled in a vibrant locale, this restaurant offers an enticing atmosphere for drinks and entertainment. While many patrons appreciate the lively ambiance and friendly service, the food often falls short of expectations. Dishes like the fish and chips and prime rib sandwich received criticism for being overcooked or lacking substance. Additionally, patrons noted frustration with nickel-and-dime practices such as charging for dipping sauces and bottled water. Despite these culinary missteps, the establishment draws guests in with live music and unique décor. For now, diners might find more satisfaction at another nearby eatery.
