The restaurant from Franklin Park offers **146** different **dishes and drinks on [the menu](#)** for an average price of \$4.7. At this particular McDonald's, patrons have experienced a notable inconsistency in service and food quality.

While some visits revealed friendly staff and a clean environment that boosted a positive dining experience, others were marked by inattentive service, missed orders, and poorly prepared food. Complaints about the lack of promotions, a disorganized ordering process, and the perceived disregard for customer care highlighted significant issues. Overall, the restaurant suffers from maintenance and management shortcomings, raising questions about its ability to provide a uniform experience that meets the McDonald's standard. Consider your options before stopping here.
