The **menu of TGI Fridays** from Englewood includes 307 menus. On average the **menus or drinks on the menu** cost approximately \$8.9. You can view the categories on the menu below. The restaurant reviewed seems to have consistent issues with slow and lacking service, despite being almost empty during off-peak hours. Customers complained about the limited menu options, slow service, and overall apathetic attitude from the staff. Some even decided to leave due to the lack of vegetarian and healthier choices and poor service. The management also seemed to struggle with understanding and utilizing the OpenTable application for reservations. Overall, the restaurant appears to have potential with good food, but the service and staff attitude leave much to be desired, leading many customers to say they won't be returning.
