On this homepage, you will find the **complete [menu](#) of Pagoda Inn** from [Lumby](#). Currently, there are **13** dishes and drinks available. A recent revisit to the restaurant revealed a significant increase in prices, but the quality of the food was better than before. The lack of a smorg may have contributed to the decrease in Saturday night business, but the hot, fresh, and well-cooked dishes impressed diners. Despite some negative reviews about portion sizes and prices, the friendly staff and consistently good food make this spot a popular choice for takeout.

The restaurant has also been praised for its large smorgasbord, fast service, and attentive staff. While some have criticized the prices, others have highlighted the high quality and fullness of the dishes. Overall, customers have appreciated the delicious, MSG-free Chinese food and friendly service, making it a recommended option for both locals and visitors.
