On this site, you will find the **complete menu of Sakura Sushi** from Panorama City. Currently, there are **6** dishes and drinks available. Nestled in a bustling area, this cozy Japanese diner offers a mixed experience to its patrons. While some guests rave about the delectable **sushi**—highlighting rolls like the Amy Roll and Hot Hot Hot Roll, and praising the attentive service—others express disappointment over discrepancies in pricing and ingredient quality. Oversights in ordering and ingredient omissions left a sour taste for some, particularly regarding the Alaskan roll, which was deemed inedible. Despite the inconsistent feedback, the restaurant's intimate setting and appealing ambiance make it a potential spot for casual dining or date nights, with many eager to return.
