A complete [menu](https://menuweb.menu) of Ironwood Stage & Grill (2006) Ltd from Calgary featuring all 28 meals and drinks can be found here on the menu. The Ironwood is a unique, historic spot in Calgary that offers a comfortable club atmosphere with great live music. The venue has a variety of local musicians performing, and the menu, although limited, offers good quality food at average prices. The service is very friendly and accommodating, which adds to the welcoming and charming atmosphere of the place. The stage is close to the diners, giving an intimate feel to the music performances. While some previous experiences have included rowdiness and slow service, overall, The Ironwood is recommended for a great dining and live music experience in a trendy area of Calgary. Early reservations are advised, especially during busy events such as the Calgary summer Jazz festival.
