The restaurant from Berkeley offers **174** different **dishes and drinks on [the menu](#)** at an average price of \$7.3. Mixed reviews reflect the experience at a Berkeley [sushi](#) spot, ranging from frustration over missing items and slow service to praise for flavorful rolls and generous portions. Despite some hiccups, the offer of vegan options, affordability, and tasty dishes like the Teriyaki Crunch roll and miso soup have won over some customers.

However, the disappointment of encountering errors in orders and slow service has left others questioning a return visit. The closure of a once-beloved sushi joint has saddened loyal patrons who fondly recall favorites like the Baja roll. Overall, a mixed bag of experiences and emotions at this sushi spot in Berkeley.
