The place from Stockton offers **15 different menus and drinks on the card** at an average \$7.7. The Denny's in Stockton stands out for its cleanliness and friendly service, though experiences vary significantly. While some patrons enjoy quick service and tasty food, others report long waits and incorrect orders. The coffee, though reasonably priced, often disappoints with its weak flavor. Notably, dedicated staff members like Brandy shine in their roles, providing exceptional service even during busy times. Although some have encountered burnt food and lukewarm dishes, many still appreciate the overall experience, especially for family outings. With a few tweaks in the kitchen and consistency, this Denny's could really elevate its game.
