On this website, you can find the **complete [menu](#) of Sequoia Sandwich Co** from Bakersfield. Currently, there are **21** dishes and drinks up for grabs. Despite the delicious flavors of the sandwiches offered at Sequoia, the overall experience seems to be marred by poor customer service and lack of attention to detail in presentation and order accuracy. Many loyal customers have expressed disappointment in the decline of service quality and the lack of care from the staff. While some still enjoy the food and recommend specific items like the Snickerdoodles and Butter Cake, it seems that the once beloved sandwich shop has lost its shine after the change in ownership. On the other hand, there are still positive reviews applauding exceptional service from staff members like Nicholette, who went above and beyond to ensure a pleasant dining experience for customers. It appears that the inconsistency in service and overall quality may be driving a divide in customer satisfaction at Sequoia.
