The restaurant from Milpitas offers **15 different dishes and drinks on [the menu](https://menuweb.menu)** at an average \$8.6. A restaurant in Tamilnadu known for delicious food fell short in quality, quantity, and service, as multiple customers expressed dissatisfaction with the quality of South Indian dishes. One reviewer even called it the worst dining experience they've ever had. However, despite the negative reviews, a few customers found the food to be authentic and enjoyable. The dosas were highlighted for being crispy and flavorful, along with tasty chutneys and sambar. While some aspects of the restaurant were lacking, others found it to be a decent place for a normal lunch or dinner experience.
