**The Card of Poke from Encino** contains about **16** different dishes and drinks. On average, you pay for a dish / drink about \$7.6. This local poke restaurant offers fresh and delicious fish, with many customers praising the quality of the food and the cleanliness of the establishment. However, the dining experience can be marred by inconsistent service and a lack of attention to detail. Issues such as cross-contamination, unfulfilled sauce requests, and early closure have frustrated some patrons. While there are positive interactions with friendly staff, particularly a generous employee, a stern management style has left a sour taste for others. Overall, the restaurant has potential, but improvements in service and consistency are essential for customer loyalty.
