Here you will find the [menu](#) of **Backyard Bbq** in [Greenup](#). At the moment, there are **17** meals and drinks on the list. Nestled conveniently off I-70 at exit 119, this small restaurant has garnered a mixed reputation. Many guests rave about the delicious ribs and pulled pork, highlighting the fair prices and quick, friendly service. However, consistency appears to be an issue, with several diners expressing disappointment over cold food and overlooked orders. While some patrons sang praises for their interactions with the owner and the welcoming atmosphere, others lamented their experiences of incorrect orders and missed specials. Overall, this eatery offers a compelling alternative to [fast food](#), though potential visitors might want to check on its current operation status before planning a trip.
