A **comprehensive [menu](#) of Poke Bros.** from Columbus covering all **15** courses and drinks can be found here on the food list. Poke Bros has drawn a mix of praise and disappointment from patrons. While many rave about the fresh ingredients and wide array of toppings, some have criticized recent orders for subpar quality, particularly with fish freshness. Positive experiences highlight attentive service and generous portion sizes, though there are complaints about additional charges for certain toppings. Most diners appreciate the customizable bowls, which offer a healthy alternative to traditional sushi. Overall, while the restaurant has established a solid reputation for quality poke, consistency remains a concern, leaving some customers hopeful for improvements in future visits.
