Here you can find the [menu of Blue Willow](#) in Tucson. At the moment, there are **15** meals and drinks on the card. This charming restaurant offers a mix of vegan options that has received mixed reviews. The breakfast menu, served until noon, features a delicious burrito with potatoes, tofu, guacamole, and salsa that received high praise. The lunch menu, however, did not seem as appealing to some diners. The enclosed patio is a highlight of the restaurant, providing a lovely atmosphere for diners. While the vegan selection is considered basic by some, others find the food to be just okay. The restaurant's gift shop is filled with local themed items, adding to the overall appeal of the place. Overall, it seems that this restaurant is a good choice for breakfast, especially for those dining with non-vegan family members, but may not offer a wide variety of vegan options for all diners.
