On this webpage, you can find the **complete menu** of Krab Kingz Temple from Temple. Currently, there are **15** meals and drinks up for grabs. At this new seafood spot, diners are greeted with mixed experiences. Many rave about the delicious dishes, particularly the honey garlic shrimp and Cajun garlic seasoning that leave a lasting impression. However, service inconsistencies, such as lack of utensils for shellfish and occasionally cold food, detract from the experience. While some commend the warm, friendly atmosphere reminiscent of a family gathering, others express disappointment over portion sizes relative to prices. Despite its potential, this restaurant seems to be struggling with execution, leaving patrons hopeful for improvements but uncertain about return visits. It's a culinary adventure worth trying, yet remains a work in progress.
