A comprehensive [menu](#) of Grandpa's Burger Haven from Denver covering all **16** dishes and drinks can be found here on the card. The restaurant is a great Denver find, reminiscent of fast food burgers from the '70s and '80s. The patties are thin but flavorful, and the toppings are fantastic. The people working there are caring and the shakes are delicious. The thick battered onion rings are divine, and the overall experience feels like stepping back in time. The food is top-notch, with old-school burgers at a very good price. This place offers classic burgers, fries, and shakes, and is a must-try in the area. The customer service is stellar and the overall experience is highly recommended.
