A **comprehensive menu** of Jack's Seafood from Baton Rouge covering all **16** courses and drinks can be found here on the card. Jack's Seafood has been a favorite for many due to their great food and prices, but recent reviews suggest a decline in service and customer experience. Some have expressed frustration with the take-out only system and lack of in-person interactions, with customers having to order through a closed window and no longer being allowed inside the building. The lack of parking and amenities such as seating and a proper PA system have also been highlighted as areas needing improvement. However, despite these issues, the food quality remains excellent with dishes like hot and fresh oysters receiving high praise from customers. Overall, Jack's Seafood seems to be struggling with maintaining its reputation for great food while addressing customer service and operational issues.
