Here you can find the [menu](#) of **DS Tequila Company** in Chicago. At the moment, there are **16** meals and drinks on the menu. A comprehensive article on the restaurant would mention that there are limited vegan options, with two vegan tacos available - Impossible meat and sweet tangy mushroom. Although the food was good, some customers found the pricing to be expensive. Reviewers agreed that the ambiance and vibe of the location were great, but the food and drinks were described as basic and overpriced. Despite some issues with the quality of vegetarian options and drinks, there were positive remarks about the friendly staff and enjoyable experiences at the restaurant. Overall, it seems that while the restaurant has its strengths, such as the vegan options and atmosphere, improvements could be made in terms of pricing and food quality.
