A complete [menu](#) of Grand Junction Grilled Subs from United States covering all 16 courses and drinks can be found here on the card. The reviews for this restaurant are quite mixed. Some customers found the food to be average and overpriced, with cleanliness being a major concern. Others praised the quality of the food, particularly the cheese steaks. The atmosphere and service also received mixed reviews, with some criticizing the cleanliness of the restaurant while others appreciated the friendly staff. Despite differing opinions, it seems that the food is the main highlight of this establishment, particularly the Philly Steak. However, issues with cleanliness, cold food, and missing toppings detracted from the overall dining experience for some customers.
