A **comprehensive menu** of Donuts Palace from [Noble](#) covering all **16** dishes and drinks can be found here on the card. Indulging in the culinary delights of this cozy restaurant reveals a mixed bag of offerings. The crowd favorite, the apple fritter, garners high praise alongside the heavenly cinnamon rolls. While breakfast sandwiches and donuts are generally well-received, some find the yeast donuts lacking sweetness, likening them to dinner rolls with icing. Customers appreciate the variety of affordable options, with prices averaging between \$1 and \$10. However, service quirks, like mishandling eclairs, can dampen the experience. Despite the few criticisms, the warm atmosphere and exceptional service make it a tempting destination for breakfast lovers.
