On this webpage, you can find the **complete menu** of Kettlefish from Silverdale. Currently, there are **16** menus and drinks available. Kettlefish offers a mixed dining experience, drawing both praise and criticism. While diners consistently commend the friendly service and highlight the standout clam chowder and perfectly breaded cod, many feel other dishes lack flavor and depth. Some have expressed disappointment with the quality of fried items and the preparation of side dishes. Enthusiasts appreciate the generous portions and affordability, making it a popular choice for a casual meal. However, limitations in seating and early closing hours have led to consideration of its overall appeal. Kettlefish certainly has its strengths, though it leaves room for improvement in seasoning and dish variety.
