On this website, you can find the **complete [menu](#) of China Garden Chinese Restaurant** from Waukegan. Currently, there are **17** courses and drinks up for grabs. China Garden has been a longtime favorite for many customers, but recent experiences have left some feeling disappointed. Some have had issues with the customer service, feeling ignored and disrespected when it comes to the first come, first serve policy. Others were misled about the dining options available, finding that the main dining room was being used for storage. The quality of the food has also been called into question, with complaints about undercooked shrimp, processed meat in the pepper steak, and overall dissatisfaction. However, for many loyal customers, China Garden remains a trusted spot for authentic Chinese food with generous portions at reasonable prices. Despite the lackluster interior and disposable utensils, the food is consistently delicious and the service is good. While there may be room for improvement in certain areas, China Garden continues to be a go-to spot for a low-key, tasty meal with friends.
