On this website, you can find the **complete menu** of A&w from [Buffalo](#). Currently, there are **18** meals and drinks up for grabs. A&W offers a varied dining experience, garnering both praise and criticism from patrons. While some visitors enjoy the delicious mushroom Swiss burgers and praised the friendly staff, others faced frustrating service and even health concerns, with reports of food poisoning. The quality of food often fluctuates; some found it fresh and satisfying, while others noted lukewarm fries and overly salty options. Although the ambiance and music levels can detract from the experience, many appreciate the refreshing root beer served in frosty mugs. With clean facilities and a convenient location, A&W remains a go-to choice for some, despite its inconsistencies.
