A **comprehensive [menu](#) of Great Wall Chinese** from Deep River covering all **17** courses and drinks can be found here on the card. In the local dining scene, opinions about Great Wall are decidedly mixed. While some patrons rave about the generous portions and reliable quality of their crab Rangoon and lo mein, others express disappointment over certain dishes, particularly the General Tso's chicken, which has been described as soggy and tasteless. While the restaurant is celebrated for its fast service and decent takeout options at competitive prices, criticisms regarding flavor, particularly in heavier dishes, have left some customers working to find a better alternative. Overall, Great Wall remains a preferred choice for those seeking solid Chinese takeout but leaves room for improvement.
