Pickletime, a once-beloved restaurant, has become a hit-or-miss destination for diners. While the vibrant atmosphere and extensive menu options, including delicious breakfast burritos and impressive Philly cheesesteaks, still attract customers, inconsistency in food quality and service leaves many disappointed. Some patrons lament the decline in favorite items like the fried pickles, while others appreciate the freshness and taste of new offerings. Unfortunately, the staff's brusque demeanor has been a recurring theme, with reports of unprofessional behavior towards delivery drivers. Despite its charm, many are now questioning whether Pickletime is worth another visit.
