A **comprehensive menu** of Fuji Japanese Steakhouse from Louisville covering all 17 courses and drinks can be found here on the card. Fuji, a long-established Japanese steakhouse and sushi restaurant, has garnered a loyal following over the years for its delicious food and vibrant atmosphere. While some recent experiences highlight inconsistencies, especially with take-out orders, many patrons praise the sushi's freshness and the engaging hibachi dining. Friendly staff and a family-owned pride are recurring themes, although concerns about service during busy times have surfaced. Overall, Fuji remains a popular choice for both casual dining and special occasions, with an ambiance that appeals to families and couples alike. Reservations are strongly advised due to its popularity, particularly during peak hours.
