Here you can find the [menu of Barberitos](#) in Knoxville. At the moment, there are **20** courses and drinks on the menu. Barberitos, a long-time favorite for many, seems to be losing its edge according to recent reviews. Customers have complained about overcooked chips, old rice, and smaller burritos at higher prices. Some have even noticed a decline in the overall quality of the food. Despite these setbacks, there are still positive reviews praising the freshness of the ingredients and the friendly service. While some recommend trying Barberitos for daily specials, others feel that it doesn't stand out among other Mexican cantina options in the area. Overall, it seems that Barberitos might be facing some challenges in maintaining consistency and quality, although some loyal customers still stand by the restaurant.
