A complete [menu](#) of Taps Espresso Grub Pub from Astoria covering all 18 meals and drinks can be found here on the food list. Taps is a mixed-bag dining experience that leaves patrons divided. While the breakfast burritos and tacos garner high praise for their flavor and value, the specialty coffee often disappoints, with some likening it to gas station fare. Service is another point of contention; while the owners are noted for their hospitality, inconsistent adherence to health protocols and the atmosphere's loud, colorful vibe can deter some guests, especially families. Overall, Taps offers a cozy environment with solid food options but has room for improvement, particularly in beverage quality and customer service.
