Here you can find the [menu](#) of Arby's in Yakima. At the moment, there are **20** dishes and drinks on the food list. Arby's offers a mixed experience, appealing to some while disappointing others. Many appreciate the attentive customer service, with staff frequently making diners feel welcome and going the extra mile when mistakes occur. The newly remodeled space and classic menu items, like the beef and cheddar sandwiches, receive positive nods. However, frustrations arise from inconsistent order accuracy and quality, with some customers reporting cold food and missing ingredients. The addition of new menu items, including a Wagyu burger, showcases innovation, yet nostalgia for classic items remains evident. Overall, Arby's remains a convenient fast-food option, albeit with room for improvement.
