On this webpage, you will find the **complete [menu](#) of Boston Pizza** from York. Currently, there are **154** dishes and drinks available. The Boston Pizza location has been recently renovated, offering a nice atmosphere compared to others in the GTA. While some find the prices high for average food, Pasta Tuesday is a good deal.

One family had issues with the portion size of their kids' meal, but the manager eventually addressed the problem. Another family got sick after dining there, so they gave a low rating. Yet others enjoyed the experience, especially on special occasions like Valentine's Day. The staff was praised for their efficient service and dealing with mistakes graciously. Regular customers appreciate the personalized service, great ambience, and variety of options for different occasions, whether it's a family gathering, sports event, or just catching up with friends over food and drinks.
