On this website, you will find the **complete menu** of Shelter from [Tofino](#). Currently, there are **48** dishes and drinks available. This restaurant seems to have mixed reviews, particularly in terms of gluten-free options and tipping policies. Some diners have reported issues with cross-contamination and lack of knowledge about celiac disease precautions, making it not recommended for those with gluten sensitivities. Additionally, there were complaints about an automatic 20% tip included in the bill without consent, which led to an uncomfortable situation with management. On the other hand, the restaurant has been praised for its tasty food, attentive service, and beautiful views. It is described as a no-frills spot with a varied menu and friendly staff, making it a good choice for family dinners or relaxing meals after outdoor activities. While prices might be a bit high, the overall experience seems to be positive and worth a visit, especially if you arrive early to avoid lines.
