You can keep one gun at home and have one for when you're on the road.
 If you address a friend's gun and tell her so, he probably let you try it out a few times.
 Your primary gun doesn't mind if you keep a gun for a backup.
 Your gun will stay with you even if you run out of ammo.
 A gun doesn't take up a lot of closet space.
 Guns function normally every day of the month.
 A gun doesn't ask, "Do these new girls make me look fat?"
 A gun doesn't mind if you go to sleep after you
