The place from Columbus offers **30** different **dishes and drinks on [the menu](#)** at an average price of \$5.3. This restaurant delivers a mix of experiences, ranging from excellent food and friendly, efficient service to frustrating order errors and cleanliness concerns. Many customers praised the freshness and taste, highlighting prompt service and polite staff, especially in the drive-thru. However, inconsistent order accuracy, issues with food preparation, and poor hygiene standards have left some patrons disappointed. While some found the environment and food quality satisfactory—even during busy hours—others faced long waits, incorrect orders, and unresponsive management. Overall, the dining experience is uneven, with positive moments tempered by notable operational and quality control challenges.
