A **comprehensive [menu](#) of Outback Steakhouse** from Lafayette covering all **34** courses and drinks can be found here on the menu. Outback Steakhouse promises a blend of savory flavors and a lively dining atmosphere, but experiences vary significantly. While some patrons appreciate attentive servers and standout dishes like coconut shrimp and the classic Blooming Onion, others report unfortunate mishaps with food preparation and service delays. Curbside orders occasionally disappoint, leading to underwhelming meals, such as soggy burgers and overly salty fries. Despite these inconsistencies, many guests highlight the professionalism and warmth of their servers, making them feel valued. Overall, while Outback has its hits and misses, it remains a popular choice for steak lovers seeking a hearty meal.
